EDUCATION

Charusat University

B.Tech in Computer Science and Engineering - CGPA - 9.69

Anand, Gujarat

Sep. 2021 – May 2025

Parth School of Science and Competition

Higher Secondary - Percentage - 92

Vadodara, Gujarat

Apr. 2020 – May 2021

EXPERIENCE

Software Engineer Intern

Brilworks Software

March. 2025 – Present

Ahmedabad, Gujarat

- Completed training in Core Java, JDBC, Hibernate, and Spring Boot with 90% in internal assessments.
- Developing REST APIs with JWT auth and role-based access for a scalable real estate platform.
- Built modules for property listing, image upload, city filtering, and user dashboards.

Software Engineer Trainee

MindArray Systems(Motadata)

Aug. 2024 – Dec. 2024

Ahmedabad, Gujarat

- Completed training in Operating Systems, Networking, Core and Advanced Java, Vert.X (reactive programming framework), and ZMQ, achieving 85% proficiency in internal assessments.
- Developed a network monitoring system prototype, showcasing core features of the company's product.
- Gained experience in building scalable, reactive applications with modern frameworks and tools

PROJECTS

Network Monitoring System (NMSLite) | Java, Vert.X, Golang, PostgreSQL, ZMQ

- Built REST APIs for credential and discovery modules and implemented a Golang-based polling mechanism to fetch device data.
- Optimized database interactions by preloading data into a HashMap, reducing GET requests by 67%(from 12 to 4)
- Transferred polled data via ZMQ to a Go application for processing and stored it as files, ensuring efficient and organized data management.

Real Estate Platform | Java, Spring Boot, MySQL, React, JWT

- Developed a full-stack web application for property buying/selling with user and subscriber roles, using Spring Boot REST APIs and React.
- Implemented secure login/signup with JWT-based authentication and role-based access control, improving data security by 80%.
- Built dynamic features like property filtering by city, image upload (multi-part), and dashboards; improved user engagement by 40%.

Chemesys – Backend Development | HTML, CSS, JS, PHP, MySQL, phpMyAdmin

- Enhanced the functionality and performance of Chemesys, a live website by Chemetreat, specializing in water treatment solutions.
- Led the backend migration from Django to PHP, ensuring seamless transition with zero downtime, reducing backend execution time by 40%.

TECHNICAL SKILLS

Languages and Frameworks: Java, Python, C/C++, PHP, Golang, Vert.X, Spring Boot, Hibernate

Full Stack Development: HTML, CSS, JavaScript, REST API Development, JWT Authentication

Database: MySQL, PostgreSQL, Hibernate ORM, JDBC

Developer Tools: AWS Management Console, Git, Postman, Linux, ZMQ, Maven, IntelliJ IDEA, VS Code

CERTIFICATIONS AND ACHIEVEMENTS

- AWS Certified Solutions Architect – Associate (SAA-C03).
- AWS Certified Cloud Practitioner (CLF-C02) and core team member of AWS Cloud Clubs Charusat.
- Shortlisted among the top 14 teams in the “HackOut” hackathon held at DAICT - Gandhinagar.
